General Information

What is Soldier On? Soldier On is a Canadian Armed Forces program that contributes to the recovery of ill and injured Canadian Armed Forces members and Veterans by providing opportunities and resources through sport, recreational, and creative activities.

What does Soldier On do? Since its inception in 2007, Soldier On has supported thousands of ill and injured members to:

- Obtain sporting or recreational equipment that supports their active lifestyle;
- Participate in a wide range of structured activities from alpine skiing to fishing to golf and multi-sports camps.

This re-introduction to an active lifestyle provides the member with opportunities to develop new skills, build confidence in their abilities and meet peers with similar challenges.

What is the Soldier On Fund? The Soldier On Fund is an official grant program of the Canadian Armed Forces for ill and injured members. The **Fund** is financially supported through donations received from Canadians, members of Canadian Armed Forces, small businesses, corporations and foundations.

Due to the nature of the fund, the grant program can only support a limited number of grants per year. As such the program may have to close temporarily from time to time, depending on available resources.

How is the Fund administered? We have a responsibility to make certain that the Fund complies with donor intent. To ensure we meet these expectations, directives signed by the National Manager – Soldier On clearly explain how the Fund is to be administered. The directives are available upon request. Please contact your Regional Coordinator for more information.

Who can apply? Any registered member of Soldier On (a serving member or veteran of the Canadian Armed Forces who sustained a permanent mental health or physical illness or injury while serving). If you are not registered with Soldier On, return to the website and register first at: <https://www.soldieron.ca/Get-Support>.
